ECLISSI

A30078

Lightweight and iridescent, this curtain is made more precious by the light effect created by the jacquard technique, which accentuates the surface movement.

Leggiadra e cangiante, questa tenda è impreziosita dall'effetto luce creato dalla lavorazione jacquard che accentua il movimento di superficie.

Cette tenture, toute de charme et de chatoiement, acquiert de la préciosité grâce à l'effet de lumière créé par le travail jacquard qui accentue le mouvement en surface.
