CUBA LIBRE

A30406

An endless grid of diamond shapes that contain refined brushstrokes of colour. The pattern references twentieth-century avantgarde movements, such as the cubist painting of artists such as Braque, Picasso and Juan Gris, both in the geometric shapes and the palette. Suitable for upholstery.

Una griglia di losanghe con al loro interno raffinate pennellate di colore. Il disegno rimanda ai movimenti avanguardistici del Novecento - come la pittura cubista di artisti quali Braque, Picasso, Juan Gris - sia per le "geometrie" che per la palette colori. Adatto per imbottiti.

Des traits de pinceau colorés dessinent un grillage infini de losanges. Le motif rappelle les mouvements avant-gardistes du XXème siècle et la peinture cubiste des Georges Braque, Pablo Picasso ou Juan Gris, aussi bien dans sa géométrie que dans la palette de couleurs. Adapté pour sièges.
