FARO

ATA034

Faro is a technical yet highly sophisticated fabric presented in a range of metallic colours. The multifunctional fabric can be used for drapery, upholstery as well as for screens and dividers.

Faro è un tessuto tecnico, estremamente sofisticato, presentato in una gamma di colori metallici. Molto versatile, può essere utilizzato per tendaggi, imbottiti ed anche paraventi e divisori.

Faro est un textile technique et néanmoins très raffiné, proposé dans une palette de couleurs métalliques. Polyvalent, il s'utilise pour les rideaux, en tapisserie et également sur les paravents.
