A deconstructed geometric pattern has been placed over an irregular silk canneté to create two very different effects: sleek satin and three-dimensional canneté. Together, these form an unexpected contrast between the design and the background.

Un motivo geometrico destrutturato su di un canneté di seta irregolare crea due effetti differenti: un raso elegante e un canneté tridimensionale. Assieme formano un contrasto inaspettato fra il motivo e lo sfondo.

Un motif géométrique déstructuré sur un cannelé de soie irrégulier pour deux effets distincts: un satin élégant et un cannelé tridimensionnel. L'ensemble aboutit à un contraste inattendu entre le motif et le fond.
